MANAGING SCREEN TIME
Helping kids find the right balance between activities, homework and screen time is a challenge that only gets harder as they grow older. Commonsense Media has lots of useful resources to help – from movie and game ratings to articles like this one on setting screen time limits that are realistic enough that your children will actually follow them. BOOKS TO BOOST BRAINS
Literacy skills often progress suddenly in leaps and bounds. The secret is to keep kids of all ages reading over the weekends and school holidays. Even 20 minutes a night can make a huge difference to their reading, comprehension and general knowledge. It’s also a great way to settle their minds down before sleep (for adults too!). If your child hasn’t found a book that grabs their imagination, why not try them on a series book from the Premier’s Reading Challenge list? Here are top suggestions for all ages, including young adult: http://bit.ly/1dLSGC0
